

## **QA Manager**

Y-mAbs Therapeutics A/S (Y-mAbs) is looking for a QA Manager who will report to the Director, Quality Assurance and be part of a rapidly growing team of highly qualified and motivated colleagues.

It is our expectation that our new QA Manager will contribute to the continuous improvement of Y-mAbs' quality management system, monitor compliance of company operations with GMP/GDP, provide QA support to multidisciplinary project teams, collaborate with QA representatives at contract manufacturers, and handle day-to-day QA activities.

### **Key responsibilities**

- Preparation of Standard Operating Procedures, Policies and other QMS documents
- Maintenance of Product Specification Files
- Review of batch manufacturing records
- Training of employees (in GMP and GDP)
- Conduct of self-inspections
- Handling of deviations, change requests, complaints
- QA support to CMC projects
- QA support of EDMS (document management, approval of changes)

### **Education, experience, skills**

- MSc in pharmaceutical sciences, engineering or biological sciences
- 5+ years of experience in biopharmaceutical/biotech industry
- Knowledge of manufacturing process for biologics
- Knowledge of contract manufacture is beneficial

- Proficiency in English, written and orally
- Excellent computer skills
- Experience with EDMS
- Ability to work independently, with multiple tasks, and under ambitious timelines
- Good collaboration skills

**Y-mAbs offers:**

- An exciting work environment with opportunities for professional development
- Great office location at DTU Science Park including canteen and easy parking
- Competitive salary package and health insurance

For more details about the job, please contact Natallia Misuna, Director Quality Assurance, [nmi@ymabs.com](mailto:nmi@ymabs.com), phone +45 53880788. Please note that all applications must be submitted in English and will be treated confidentially.

**Deadline:** please apply by email to [info@ymabs.com](mailto:info@ymabs.com) no later than February 15, 2019
