

Radiolabeling Specialist

Y-mAbs Therapeutics A/S (Y-mAbs) is now looking for a Radiolabeling Specialist who will be part of a growing team within Technical Operations. In this newly established position you will report to the Senior Vice President, Technical Operations.

Y-mAbs is a growing, clinical stage biotech company with offices in USA (New York) and Denmark (Hørsholm). Y-mAbs has opened two IND's for our two lead products with development in pivotal phase II and phase II/III, respectively. Y-mAbs also plans to initiate new clinical trials in both Europe and US this year. Furthermore, our innovative pipeline is expected to result in more clinical activity in near future.

As our Radiolabeling Specialist you will be responsible for the radiolabeling of clinical and potential commercial product for Y-mAbs development programs using either external vendors or internal capacity. We are working with different iodine and lutetium isotopes.

Key responsibilities:

- Develop and qualify processes and equipment for radio labelling of antibodies together with external partners
- Advice to set up manufacturing and quality control equipment to enable the production and release of radio labeled antibodies for clinical and commercial use
- Provide and review highly qualified documentation for authorities' approval and operation of radiolabeling facilities
- Experience with general radiation safety and hazardous material handling according to local regulations
- Developing new radiochemical conjugation methods for various projects

Personal and professional qualifications

- You hold a Master or a Ph.D. degree in chemistry, physics, engineering or equivalent with special knowledge about radio chemistry
- Minimum 3 years' experience in the production of PET biomarkers or radiolabeling of medicinal products for clinical or commercial supply
- Strong interpersonal, organizational and managerial skills
- Excellent attention to detail in the execution of job responsibilities

- Our company language is English, so your communication in both written and spoken English is fluent

Y-mAbs offers:

- An exciting work environment where challenging assignments will come your way
- Great office location at DTU Science Park including canteen and easy parking
- Competitive salary package including pension and health insurance

For more details about the job or our company, please contact Torben Lund-Hansen, SVP Technical Operations at +45 7026 1414. Please note that all applications must be submitted in English and will be treated confidentially.

Deadline: please apply by email to info@ymabs.com no later than November 25, 2018
